

Exceptional Summer!

June 2021

EXCEPTIONAL FOUNDATION OF ATLANTA

It truly was an Exceptional Summer!

Forty-three young adults with special needs enjoyed a huge variety of social and recreational activities during the month of June at our first ever Exceptional Summer program. They experienced daily rotations with a licensed musical therapist, a GCPS adaptive PE teacher, healthy cooking workshops, and unique art activities. They entertained each other with karaoke, competed in Kahoot and a digital escape room, and relaxed in the sensory room. Every Wednesday they tested their skills at the FBCS arcade. They enjoyed seeing old friends and made lots of new friends. They were well cared for by the Exceptional staff of experienced public school special education teachers and licensed therapists. Here are a few scenes from our Exceptional Summer!

Exceptional Staff

This very experienced staff had a blast with the participants this month. The four weeks flew by. They have laughed, learned, loved, and made so many wonderful memories. This kind of work is a calling. Each of these Exceptional Summer Staff members has a heart for this special population and it shows. We can't wait for Exceptional Summer 2022!

Thank you First Baptist Snellville for your hospitality and support!

We could not have had an Exceptional Summer without the generous gift of the use of the gym facility at FBCS. We are grateful for the staff who took such good care of us: Jeff Jansma, Director of Recreation and Special Needs, Receptionists Roseanne and Earlene, Food Services Administrator Debra, and Barry and Remberto and their facilities staff. Thank you!
