The Exceptional Foundation of Atlanta

IT'S NOT EASY BEING "EXCEPTIONAL" and it only gets harder as we get older. Opportunities for individuals with disabilities who have graduated out of their local school system are embarrassingly inadequate. After high school, most people will live a life full of stimulating activities and social interactions which most would argue are essential to live a meaningful and satisfying life. For adults with disabilities, however, the situation is often times the exact opposite. For these individuals, the social and recreational activities that were once provided during school hours are now mostly non-existent, leaving no way to occupy their time in meaningful ways.

EFATL WORKS TO PROVIDE LIFE-CHANGING PROGRAMMING for participants regardless of their ability to pay. We need your help to sustain our inclusive community built around social, recreational, and volunteer activities.

Help give purpose to the lives of adults with disabilities in our community!
